

HEADWATERS FOR HEROES

# June 2017 Newsletter

Headwaters for Heroes announces the launch of its new online hunting and fishing sign up form.

We have made it easier and less time consuming.

As we have grown we have experienced a lot of trial and error in who we reach out and collect the information needed to serve our Veterans, Gold Star Families and Active duty service men and women.

The new sign up will allow H4H to better build our data base of those we intend to serve.

Unfortunately our previous systems did not achieve the results we desired, from a data collection stand point.

Having said that we need everyone that has signed up in the past to go to our website and sign up again, or click on the link below.

For those of you that are new please check H4H out and sign up.

Once you sign up H4H will follow up with a more defined questionnaire, and requests for your DD-214 unless your active duty.

We have an amazing year planned with more hunts already committed than we have ever had.

We look forward to hopefully meeting all of you this year.
